### **5300 Student Enrollment, Attendance, and Records**

#### **5301 *Compulsory Attendance, Absenteeism, and Truancy***

##### **A. Required Attendance**

Every person residing in the District who has legal or actual charge or control of a child who is of mandatory attendance age must ensure that the child regularly attends a public or private school or is receiving a home-school education unless the child has satisfied District graduation requirements or is otherwise exempt from Michigan's compulsory attendance requirements.

##### **B. Mandatory Attendance Age**

A child who is or will turn 6 years old before December 1 of the current school year and who has not turned 18 years old is of mandatory attendance age.

##### **C. Exceptions**

A Parent of a child who is at least 16 years old may provide the District with written notice that the child has permission to stop attending school. Upon receipt of the written notice, the child will be exempt from this Policy.

##### **D. Excused Absences**

The following absences will be considered excused if they are confirmed by communication to the school from the student's Parent:

- the student's physical or mental illness (verification from a physician, physician assistant, or nurse practitioner is required after 4 consecutive days of absence for illness);
- severe weather;
- medical appointments for the student;
- death or serious illness of the student's family member;
- attendance at a funeral, wedding, or graduation;
- appearance at court or for other legal matters;
- observance of religious holidays of the student's own faith;
- college planning visits; and
- personal or family vacations
- due to school business approved by school administration

- parent/guardian's military service
- status as a homeless student

#### E. Excessive Absenteeism and Truancy

When a student has 8 unexcused absences in any term or semester the building principal or designee will provide written notice to the student's Parent encouraging the student's regular daily attendance and explaining the truancy process.

If the Superintendent or designee determines that a student is repeatedly absent from school without valid excuse, is failing, or has behavior problems, and attempts to confer with the student's Parent have not been successful, the Superintendent or designee may request the attendance officer who has jurisdiction in the District to send notice to the Parent requiring the Parent to meet with District personnel to discuss the matter.

When a student is absent more than 20 unexcused days per school year the building principal or designee will notify the county attendance officer who has jurisdiction in the District. Once notified, the attendance officer will investigate each case of nonattendance and will take all other steps permitted and required by law.

The building principal or designee may impose additional consequences for excessive absenteeism, consistent with the student handbook or published grading procedures.

#### ***5302 Enrollment in Kindergarten***

A child must be at least 5 years old on or before December 1 of the school year to enroll in kindergarten. A child who will turn 5 years old after September 1 and on or before December 1 of the school year may only enroll in kindergarten if the child's Parent provides written notice to the District. In that circumstance, the Superintendent or designee may recommend to the Parent that the child is not ready to enroll in kindergarten. Regardless of this recommendation, the Parent retains sole discretion to enroll the child in kindergarten, so long as the child will turn 5 years old on or before December 1.

A child who will not turn 5 years old on or before December 1 of the school year may not enroll in kindergarten without the express written authorization of the Superintendent, whose decision is final. The District may charge tuition in that instance.

#### **5303 *Student Enrollment and Withdrawal***

##### **A. Student Enrollment**

The District will enroll a student who is:

- a legal resident of the District or otherwise entitled by Michigan law to enroll in the District;
- under court jurisdiction and is placed in foster care if the Department of Health and Human Services or a child placing agency determines that the child should be enrolled in the District, regardless of residency;
- eligible to enroll as a schools-of-choice student under these Policies and Michigan law;
- the resident of another district with the consent of the resident district if, in the Superintendent's discretion, the student should be enrolled;
- the resident of another district as permitted and authorized by law if, in the Superintendent's discretion, the student should be enrolled;
- homeless, if the student has a right to enroll in the District pursuant to applicable law and Policy 5307;
- the child of a custodial Parent assigned to active-duty military service if the child's noncustodial Parent or person serving *in loco parentis* for the child resides in the District and the child's custodial Parent has provided a legally valid power of attorney;
- approved as a foreign exchange student pursuant to Policy 5306;
- a legal resident of a district that has contracted with the District for the student's educational services; or
- legally entitled to attend the District on a part-time basis.

The District may independently verify a student's residency status or eligibility for enrollment. The Superintendent or designee may pursue all available legal options, including referral to law enforcement, against any person who provides false or misleading enrollment information.

A person enrolling a student must provide the following within 30 calendar days after enrollment:

- a copy of the student's birth certificate; or

- other reliable proof of the student's identity and age and an affidavit explaining the inability to produce a copy of the student's birth certificate.

If the required documentation is not timely provided, the District will, after providing 30 calendar days' notice to the person enrolling the student, refer the matter to local law enforcement. The District will immediately report to law enforcement any affidavit that appears inaccurate or suspicious.

As a condition of enrollment, a person enrolling a student must provide documentation of the student's required immunizations or a valid immunization waiver pursuant to Policy 5713. Failure to submit the required documentation will result in the student's exclusion from school.

The District will, consistent with Policy 5714, request the student's oral health assessment information during the enrollment process for students enrolling for the first time in kindergarten or first grade.

Within 14 calendar days after a transfer student enrolls, the building principal or designee must send a written request to the student's previous school requesting a copy of the student's school record.

A student who is or will be 20 years old on September 1 of the school year, or who has earned a high school diploma or GED, may not enroll in or continue to attend school in the District, except for a student with a disability, a student enrolling in an approved adult education or dropout recovery program, or when otherwise required by law.

Except for a student with a disability or a student enrolling in an approved early childhood program, a student who will not be 5 years old on December 1 of the school year may not enroll in or attend school in the District without the Superintendent's express written permission.

A student's placement, including building assignment and grade level, will be determined pursuant to Policy 5411.

#### B. Student Withdrawal

The District will disenroll a student upon receipt of either written notice from a Parent of intent to withdraw or a records request from another school. If at the time of receipt of a notice of disenrollment there are pending disciplinary proceedings against the student involving potential suspension or expulsion, the District may elect to complete those proceedings.

#### ***5304 Nonpublic School Students; Part-Time Attendance***

A resident student who attends a nonpublic school or who is home-schooled and who otherwise meets the enrollment requirements in Policy 5303, has the right to enroll in nonessential elective courses (including co-curricular activities associated with those courses) that the District provides to public school students in the same grade level or age group.

The District may provide instruction in nonessential elective courses to students at a nonpublic school site, consistent with state law and subject to constitutional constraints. The District may also permit nonresident, home-schooled and nonpublic school students to enroll in nonessential elective courses that the District provides to students in the same grade level or age group consistent with state law and subject to constitutional constraints.

A nonpublic, part-time student, regardless of residency and instructional location, is subject to the same course requirements and prerequisites that apply to all other District students.

A nonpublic, part-time student is subject to all District rules and applicable student codes of conduct.

The District is not required to provide transportation to a nonpublic, part-time student.

Nonpublic, part-time students may not participate in District-provided athletics or extracurricular activities.

The Superintendent or designee must ensure that all courses and related optional experiences offered or provided to nonpublic, part-time students satisfy the requirements of state and federal law and applicable provisions of the Michigan Pupil Accounting Manual.

#### **5305 Schools-of-Choice**

The Board will annually determine whether the District will accept schools-of-choice students who reside in the same ISD in which the District is located, who reside within an ISD contiguous to the ISD in which the District is located, or both. If the Board determines that schools-of-choice students will be accepted for enrollment, the Board will establish the grades, schools, and programs in which they may enroll and the number of schools-of-choice students the District will accept for each open grade, school, or program.

If the Board determines that the District will accept schools-of-choice students, the Superintendent or designee will ensure that applicable provisions of state law are followed, including, without limitation:

- A. publishing the grades, schools, and programs for which the District will accept schools-of-choice applicants;
- B. establishing an application period of at least 15 and no more than 30 calendar days if the Board has limited the number of schools-of-choice students who may enroll in a grade, school, or program;
- C. selecting students who may enroll in the following manner:
  - 1. the Superintendent or designee must give preference to an applicant who resides in the same household as a student already enrolled in the District;
  - 2. the Superintendent or designee may refuse to enroll a student who has been suspended from another school in the preceding 2 years or who has ever been expelled from another school or convicted of a felony;
  - 3. the Superintendent or designee will require that schools-of-choice students meet the same criteria that a resident student must meet to enroll in a grade or specialized/magnet school or program;
  - 4. if the Board determines that limited spots are available and, if, after applying the enrollment preferences and exclusions described in this Policy, there are more applicants than spots available in a particular grade, school, or program, the Superintendent or designee will select students based on a random draw lottery;
  - 5. except as otherwise stated in this Policy, the Superintendent or designee may not make enrollment decisions based on any other factors.
- D. following all notice and timeline requirements;

- E. allowing a student who has enrolled as a schools-of-choice student to continue to enroll in the District until the student graduates, enrolls in another school, drops out of school, or is expelled from school;
- F. requesting records from a student's previous school.

Before enrolling a student who resides outside of the ISD in which the District is located and who has been identified as a child with a disability under the Individuals with Disabilities Education Act, the Superintendent or designee will attempt to enter into a cost-sharing agreement with the student's resident district. If the District and the student's resident district fail to reach a cost-sharing agreement, the student will not be enrolled in the District.

If the District receives a request from another school for records about a resident student's schools-of-choice application, the Superintendent or designee will promptly respond to the request.

The Superintendent or designee may pursue all available legal options, including referral to law enforcement, against any person who provides false or misleading information on a schools-of-choice application.

Students not eligible to enroll pursuant to this Policy may only enroll consistent with Policy 5303.

#### **5306 Foreign Students**

All resident students, regardless of immigration or visa status, who otherwise meet Policy 5303's requirements, may enroll in the District. The District does not discriminate against students based on immigration or visa status.

A student's failure to comply with federal laws, regulations, and guidance may negatively impact the student's immigration or visa status.

A student with an F-1 visa who enrolls in the District in compliance with federal law must reimburse the District the full, unsubsidized per capita cost of providing education at the District for the period of the student's attendance.

A student with a J-1 visa who is sponsored by a formal student exchange program may enroll in the District without paying tuition if the student's host family resides in the District and the student otherwise meets the requirements of state and federal law and Policy 5303.

Nothing in this Policy should be construed to require the District to facilitate a student's visa.

All students are subject to Board Policies, rules, laws, behavioral expectations, and applicable student codes of conduct.

#### **5307 Homeless Students**

##### **A. General Policy**

The District will provide a free public education to homeless children and youth who are in the District and afford them the educational rights and legal protections provided by federal and state law. Homeless children and youth will not be stigmatized or segregated based on their homeless status and will have the same access to services offered to students who are not homeless. It is the intent of this Policy to remove barriers to the enrollment and retention of homeless students in the District.

##### **B. Homeless Liaison**

The homeless liaison will coordinate services to ensure that homeless children and youth enroll in school and have the opportunity to succeed. The liaison will also coordinate and collaborate with state homeless coordinators, community agencies, and District personnel responsible for the provision of education and related services to homeless children and youth, including unaccompanied youth. A student or Parent in a homeless situation who requires assistance should contact the District's homeless liaison:

ELISE HILL, DISTRICT SOCIAL WORKER  
100 BIG RED DRIVE, MILAN, MI 48160  
734-439-5086  
HILLE@MILANAREASCHOOLS.ORG

The liaison's responsibilities include ensuring that:

1. homeless children and youth are identified by District personnel through outreach and coordination activities with other entities and agencies;
2. homeless children and youth are enrolled in, and have a full and equal opportunity to succeed in, the District's schools;
3. homeless families and homeless children and youth have access to and receive educational services for which the families and students are eligible, including Head Start, early intervention services under Part C of the Individuals with Disabilities Education Act, and other preschool programs administered by the District;
4. homeless families and students receive referrals to health care, dental services, mental health and substance abuse services, housing services, and other appropriate services;

5. Parents of homeless children and youth, and unaccompanied youth, are informed of available educational and related opportunities and are provided with meaningful opportunities to participate;
6. public notice of the educational rights of homeless children and youth is disseminated in locations frequented by Parents of homeless children and youth, and unaccompanied youth, including schools, shelters, public libraries, and soup kitchens, in a manner and form understandable to the Parents of homeless children and youth, and unaccompanied youth;
7. enrollment disputes involving homeless children and youth are resolved as quickly as possible after receiving notice of the dispute and in accordance with any applicable state or District procedures;
8. Parents of homeless children and youth, and unaccompanied youth, are fully informed of all transportation services, including transportation to the school of origin, and are assisted in accessing transportation to the school that is selected;
9. District personnel providing services to homeless children and youth receive professional development and other support to assist in meeting the educational and related needs of homeless students;
10. unaccompanied youths who are enrolled in school have: (a) opportunities to meet the same challenging state academic standards as children and youth who are not homeless; (b) appropriate secondary education and support services, including receiving appropriate credit for full or partial coursework satisfactorily completed while attending a prior school; (c) access to counselor services and supports to prepare for and improve college readiness; and (d) notice of their status as independent students under the Higher Education Act of 1965 and that they may obtain assistance from the liaison to receive verification of that status for Free Application for Federal Student Aid (FAFSA) purposes; and
11. performance of any other duties identified in this Policy and applicable federal laws or state guidelines governing the homeless liaison's duties.

The homeless liaison will participate in relevant professional development and other technical assistance activities as part of the liaison's duties and may work with other District personnel to accomplish the responsibilities described in this Policy.

#### C. Definitions

1. "Homeless children and youth" means persons who lack a fixed, regular, and adequate nighttime residence and includes children and youth who:
  - a. are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in motels, hotels, trailer parks, or

camping grounds due to the lack of alternative accommodations; are living in emergency or transitional shelters; or are abandoned in hospitals;

- b. have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings;
  - c. are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings; and
  - d. are migratory children who qualify as homeless because they are living in circumstances described above.
- 2. “Child” and “youth” refers to persons who, if they were children of residents of the District, would be entitled to a free education.
  - 3. The term “unaccompanied youth” means a homeless child or youth not in the physical custody of a Parent.
  - 4. “School of origin” means the school that the child or youth attended when permanently housed or the school in which the child or youth was last enrolled.

#### D. District’s Obligation

In the best interest of a homeless child or youth, the District generally will:

- 1. continue the child’s or youth’s education in the school of origin for the duration of homelessness in any case in which a family becomes homeless between academic years or during an academic year and for the remainder of the academic year, if the child or youth becomes permanently housed during an academic year; or
- 2. enroll the child or youth in any public school that students who are not homeless who live in the attendance area in which the child or youth is actually living are eligible to attend.

#### E. School Stability

In determining the best interest of a homeless student, the District will presume that keeping a homeless child or youth in the student’s school of origin is in the student’s best interest unless it is contrary to the request of the student’s Parent, or in the case of an unaccompanied youth, the youth. In determining the school placement of a homeless child or youth, the District will also consider factors related to the impact of mobility on the homeless child or youth’s achievement, education, health, and safety, giving priority to the Parent’s or the unaccompanied youth’s request. In the case of an unaccompanied youth, the District will assist in placement or enrollment decisions and will give priority to the unaccompanied youth’s views.

If, after consideration of the presumption and factors above, the District determines that it is not in the student's best interest to attend the school of origin or the school requested by the Parent or unaccompanied youth, the District will provide written explanation of the reasons for its determination in a manner and form understandable to the Parent or unaccompanied youth, including information about the right to appeal.

#### F. Immediate Enrollment

The District will immediately enroll homeless children and youth, including unaccompanied youth, even if they are unable to produce records normally required for enrollment such as previous academic records, immunization records, residency documents, birth certificates, or other documentation or the child or youth has missed application or enrollment deadlines. The District will immediately contact the school last attended by the student to obtain relevant academic and other records. The District's homeless liaison will assist in obtaining any necessary immunizations or screenings or immunization or other required health records.

#### G. Comparable Services

The District will provide homeless children and youth services that are comparable to those offered to students who are not homeless, including transportation services, Title I services, programs and services for students with disabilities under IDEA and Section 504, career and technical education, programs for gifted and talented students, programs for English learners, and school nutrition programs.

#### H. Transportation

Transportation will be provided to homeless students to the extent required by law and will be comparable to that provided to students who are not homeless. At the request of the Parent (or for an unaccompanied youth, the liaison), transportation will be provided to and from the school of origin as follows:

1. If the homeless child or youth continues to live in the area served by the District, the child's or youth's transportation to and from the school of origin will be provided or arranged by the District.
2. If the homeless child's or youth's living arrangements in the area served by the District terminate and the child or youth begins living in an area served by another school district, the District and the other school district in which the homeless child or youth is living must agree on a method to apportion the responsibility and costs for providing the homeless student with transportation to and from the District. If the districts are unable to agree, the responsibility and cost for transportation will be shared equally.

#### I. Records

The District will maintain and respond to requests for enrollment records for homeless children or youth consistent with Policy 5309 and state and federal

record laws. Any information about a homeless child's or youth's living situation will be treated as a confidential education record and not directory information.

#### J. Dispute Resolution

If a dispute arises about a homeless student's eligibility, school selection, or enrollment, the homeless student, including an unaccompanied youth, must be immediately enrolled and served in the school in which enrollment is sought, pending final resolution of the dispute.

A complainant should contact the District's homeless liaison who will follow MDE-approved District dispute resolution processes or MDE dispute resolution/complaint procedures to quickly resolve the dispute.

##### **A. Surveys, Analyses, and Evaluations**

Parents may inspect any survey created by a third party before that survey is administered or distributed to their student. All survey inspection requests must be made in writing to the building principal before the survey's scheduled administration date.

The District must obtain written consent from a student's Parent before the student is required to participate in a survey, analysis, or evaluation funded, in whole or in part, by the U.S. Department of Education that would reveal sensitive information. For all other surveys, analyses, or evaluations that would reveal sensitive information about a student, the District will provide prior notice to the student's Parent and an opportunity for the Parent to opt their student out.

Employees may not request or disclose the identity of a student who completes a survey, evaluation, or analysis containing sensitive information.

"Sensitive information" includes:

- political affiliations or beliefs of the student or the student's Parent;
- mental or psychological problems of the student or the student's family;
- sexual behavior or attitudes;
- illegal, anti-social, self-incriminating, or demeaning behavior;

- religious practices, affiliations, or beliefs of the student or the student's Parent; or
- income (other than that required by law to determine eligibility for participating in a program or for receiving financial assistance under that program).

##### **B. Invasive Physical Examinations**

Parents may refuse to allow their students to participate in any non-emergency, invasive physical examination or screening that is: (1) required as a condition of

attendance, (2) administered and scheduled by the District, and (3) not necessary to protect the immediate health and safety of a student.

“Invasive physical examination” means:

1. any medical examination that involves the exposure of private body parts; or
2. any act during an examination that includes incision, insertion, or injection into the body that does not include a hearing, vision, or scoliosis screening.

#### C. Collection of Student Personal Information for Marketing

No employee will administer or distribute to students a survey or other instrument for the purpose of collecting personal information for marketing or selling that information.

“Personal information” means individually identifiable information that includes:

1. student’s and Parents’ first and last name;
2. home or other physical address;
3. telephone number; or
4. Social Security Number.

This Policy does not apply to the collection, disclosure, or use of personal information for the purpose of providing educational services to students, such as:

1. post-secondary education recruitment;
2. military recruitment;
3. tests and assessments to provide cognitive, evaluative, diagnostic, or achievement information about students; or
4. student recognition programs.

#### D. Inspection of Instructional Material

Parents may inspect instructional material consistent with Policy 5401.

#### E. Notification of Rights and Procedures

The Superintendent or designee will notify Parents of:

1. this Policy and its availability upon request;
2. how to opt their child out of participation in activities as provided for in this Policy;
3. the approximate date(s) when a survey, evaluation, or analysis that would reveal sensitive information is scheduled or expected to be scheduled;

4. the approximate date(s) when the District or its agents intend to administer a non-emergency, invasive physical examination or screening required as a condition of attendance (except for hearing, vision, or scoliosis screenings); and
5. how to inspect any survey or other material described in this Policy.

This notification will be given to Parents at least annually at the beginning of the school year and within a reasonable period after any substantive change to this Policy.

#### ***5309 Student Records and Directory Information***

The District may collect, retain, use, and disclose student education records consistent with state and federal law.

##### **A. Definitions**

1. An “education record” is a record directly related to a student that the District or its agents maintain, except that an education record does not include:
  - a. records kept in the maker’s sole possession that are used as a personal memory aid and that are not accessible or revealed to any person except a temporary substitute for the maker;
  - b. records maintained by a law enforcement unit of the District, as defined by the Family Educational Rights and Privacy Act (FERPA), if the record was created for a law enforcement purpose;
  - c. records relating to a student who is at least 18 years old that are created or maintained by a psychiatrist, psychologist, or other recognized professional or paraprofessional acting or assisting in that capacity that are created or maintained only for the student’s treatment (exclusive of remedial educational activities or educational activities that are part of the District’s instructional program) and that are disclosed only to persons providing treatment (except that the records may be personally reviewed by a physician or other appropriate professional of the student’s choice);
  - d. records created or received by the District after a person is no longer a student in the District and that are not directly related to the person’s attendance as a student in the District;
  - e. grades on peer-graded papers or assignments before they are collected or recorded by a teacher; or
  - f. records relating to a person employed by the District that are maintained in the normal course of business, relate only to the person’s employment, and are not available for any other purpose. Records relating to a person employed as a result of that person’s status as a student are, however, “education records.”
2. “Personally identifiable information” means a student’s name; the name of a student’s Parent or family member; the student’s address or the address of a family member; a personal identifier, such as the student’s social security number, student number, or biometric record; other indirect identifiers, such as the student’s date of birth, place of birth, and mother’s maiden name; other

information that alone or in combination is linked or linkable to a specific student that would allow a reasonable person in the school community, who does not have personal knowledge of the relevant circumstances, to identify the student with reasonable certainty; or information requested by a person who the District reasonably believes knows the identity of the student to whom the education record relates.

3. "Directory information" is the information contained in a student's education record that would not generally be considered harmful or an invasion of privacy if disclosed. The Board designates the following as directory information
  - a. student names, addresses, and telephone numbers;
  - b. photographs and videos depicting a student's participation in school-related activities and classes;
  - c. date and place of birth;
  - d. major field of study;
  - e. grade level;
  - f. enrollment status (e.g., full-time or part-time);
  - g. dates of attendance (e.g., 2023-2027);
  - h. participation in officially recognized activities and sports;
  - i. weight and height of athletic team members;
  - j. degrees, honors, and awards received; and
  - k. the most recent educational agency or institution attended.

The Board further designates District-assigned student email addresses as directory information for the limited purposes of: (1) facilitating the student's participation in and access to online learning platforms and applications; and (2) inclusion in internal school and District email address books.

## B. Collection and Retention of Records

School officials may collect and retain information about the District's students that is reasonably necessary for the District to perform its role as a public school district, including, without limitation, student work samples, assessments, evaluations, surveys, health and medical information, immunization records, birth certificates, proof of residence, proof of achievements and awards, behavior records, investigation reports, incident reports, attendance records, all records necessary for the District to satisfy state or federal legal obligations, and any record necessary for the District to prove that a student was accurately counted in membership for state aid and grant purposes.

The Superintendent or designee will ensure that all student records are retained consistent with the Records Retention and Disposal Schedule for Michigan Public Schools and Policy 3502 and that reasonable steps (including, without limitation, physical or technological controls) are taken to protect education records, including those stored electronically, from inadvertent or unauthorized disclosure.

#### C. Right to Inspect and Review Education Records

Parents may inspect and review their minor child's education records, regardless of custody status, unless a court order specifically provides otherwise.

Parents may also inspect and review the education records of an "eligible student" if the student is considered a dependent under Internal Revenue Code Section 152. An "eligible student" means a student who is at least 18 years old, an emancipated minor, or a student enrolled in a postsecondary institution. Eligible students have the right to inspect and review their own education records.

The District will make arrangements for a Parent or eligible student to inspect and review the student's education records within a reasonable time from receiving a request and not more than 30 calendar days from the date of the request or, if the student whose records are requested is a child with a disability as defined by the Individuals with Disabilities Education Act, before any Individualized Education Program Team meeting, resolution meeting, or due process hearing.

#### D. Right to Request Explanation or Interpretation of Student Education Records

A Parent or eligible student may request, in writing, an explanation or interpretation of a student's education records. School officials will respond to any reasonable request.

#### E. Right to Request Amendment of Education Records

A Parent or eligible student may request that a student's education record be amended if the Parent or eligible student believes the record is inaccurate, misleading, or otherwise in violation of the student's privacy rights. The Superintendent will develop administrative guidelines explaining the process by which a Parent or eligible student may request an amendment to the student's records and that the Parent or eligible student has the right to a hearing if the District refuses the request.

#### F. Disclosure of Education Records to School Officials

A school official may receive and review personally identifiable information from a student's education record only if the school official has a legitimate educational interest in the information. A school official has a "legitimate educational interest" if the record review is necessary for the school official to perform an administrative, supervisory, or instructional task as assigned by the District or to perform a service or benefit for the student or the student's family. For purposes of this Policy, a

“school official” is any person employed by the District. The Board further designates the following persons and entities as “school officials”:

1. a person or company with whom the Board has contracted to perform a specific task (such as an attorney, auditor, insurance representative, medical consultant, or online educational service provider or vendor);
2. a contractor, consultant, volunteer, or other party to whom the Board has outsourced a service or function otherwise performed by District employees (e.g., a therapist, a school resource officer, an employee of an intermediate school district, or an authorized information technology specialist);
3. a Parent or student serving on an official committee, such as a disciplinary, reinstatement, or grievance committee; and
4. a person, including a volunteer, who is assisting another school official in performing the official's duties.

The above-identified persons and entities must: (a) perform institutional services or functions for which the District would otherwise use its own employees, (b) be under the direct control of the District as to the use and maintenance of education records, and (c) be subject to the requirements of FERPA regulations governing the use and re-disclosure of personally identifiable information from education records.

The Superintendent or designee will adopt procedures, including physical and technological controls, to ensure that only those school officials with a legitimate educational interest may access personally identifiable information from a student's education records.

#### G. Disclosure of “Directory Information”

Except as otherwise stated in this Policy, school officials may disclose “directory information” without the prior written consent of a Parent or eligible student unless the Parent or eligible student specifically notifies the District that the Parent or eligible student does not consent to the disclosure of the student's directory information for 1 or more of the uses for which the District would commonly disclose the information.

The District will provide Parents and eligible students with a Directory Information Opt Out Form, listing all uses for which it commonly discloses student directory information. The form will allow the Parent or eligible student to elect not to have the student's directory information disclosed for 1 or more of the listed uses. Upon receipt of a completed Directory Information Opt Out Form, school officials may not release the student's directory information for any of the uses selected on the form.

The Superintendent or designee will provide the Directory Information Opt Out form to all Parents or eligible students within the first 30 days of the school year.

The form will also be made available at a Parent's or eligible student's request at any time during the school year. If the Parent or eligible student does not return the form, the District may release directory information as permitted by law. The Directory Information Opt Out form will be kept on file for 1 year.

To ensure that directory information is not improperly used, the Superintendent or designee may require that a person requesting directory information execute an affidavit stating that, if disclosed, the directory information will not be used, rented, or sold for the purpose of surveys, marketing, or solicitation.

The District will not disclose a student's or Parent's phone number or address or the Parent's employment address to another person who is the subject of a court order that prohibits disclosure of the information if the District has received a copy of the order. The District will not disclose a confidential address, phone number, or email address in violation of the Address Confidentiality Program Act if the student or the student's Parent notifies the District that the student or the student's Parent has obtained a participation card issued by the department of attorney general.

#### H. Disclosure of Education Records to Another School

School officials may release or disclose personally identifiable information contained in a student's education record without the consent of the Parent or eligible student to another school or post-secondary institution in which the student seeks or intends to enroll, is enrolled, or from which the student receives services, if the disclosure is related to the student's enrollment or transfer.

#### I. Tagged Records and Record Transfers

Upon notification by a law enforcement agency that a student under age 17 is missing, the building principal or designee will tag the student's record in a manner that will alert both District and ISD personnel that the student is considered missing. Within 7 calendar days after receiving notice from a law enforcement agency that a student is no longer considered missing, the building principal or designee will remove the tag from the student's record.

Within 30 calendar days after receiving a request from a school in which a student has enrolled, the building principal or designee will forward the student's education records to the requesting school unless the student's record has been tagged as described in this Policy. If the record has been tagged, the building principal or designee will not forward the student's education records to the requesting school and will notify law enforcement.

#### J. Disclosure to a For-Profit Business Entity

School officials will not sell or otherwise provide any personally identifiable information that is part of a student's education records to a for-profit business entity, except as follows:

1. an employee or agent of a business entity acting as a “school official” as defined in this Policy;
2. pursuant to a management agreement between a public school academy and an educational management organization;
3. as necessary for standardized testing; or
4. as necessary to a person who is providing educational or educational support services to the student pursuant to a contract with the school.

K. Disclosure of Education Records in Response to Subpoena/Court Order

To the extent consistent with state law, including the nondisclosure requirements of Revised Judicature Act Section 2165, school officials may release or disclose personally identifiable information contained in a student’s education records without the consent of the Parent or eligible student upon receipt of a court order or lawfully issued subpoena requiring disclosure of the information. To the extent permitted or required by law, before complying with a court order or subpoena, school officials must notify the Parent or eligible student, in writing, that the District intends to comply with the court order or subpoena.

L. Disclosure of Education Records in Other Circumstances

Except as provided in this Policy, the District and its employees and agents are prohibited from disclosing personally identifiable information from a student’s education records without the written consent of a Parent or eligible student unless the disclosure is otherwise permitted or required by law, including, without limitation, if the disclosure is:

- necessary because of a health or safety emergency;
- to authorized state or federal officials;
- in connection with a student’s application for or receipt of financial aid;
- made for purposes of conducting a study for or on behalf of an educational agency or institution;
- to an accrediting organization;
- concerning a registered sex offender; or
- to a representative of a child welfare agency for a foster child.

A school official may not disclose personally identifiable information from a student’s education records unless disclosure is consistent with the requirements of state and federal law, including FERPA.

M. Disclosure Logs

The Superintendent or designee will maintain, to the extent required by law, a log of those persons to whom personally identifiable information from a student's education records has been disclosed. The record will identify the student whose information was disclosed, the person or entity who requested or received the information, the information that was disclosed, the date the Parent or eligible student provided written consent (if necessary for the disclosure), a legitimate reason for the disclosure, and any other information required by law.

Subject to the limitations below, a Parent or eligible student may request, in writing, information related to disclosure of personally identifiable information by the District. This information includes:

- the specific personally identifiable information that was disclosed by the District;
- the name and contact information of each person, agency, or organization to which the District disclosed the student's personally identifiable information; and
- the legitimate reason that the person, agency, or organization had in obtaining the personally identifiable information.

The District is not required to provide information about the disclosure of personally identifiable information if the personally identifiable information is:

1. provided to MDE or CEPI;
2. provided to the eligible student or the student's Parent;
3. provided to an intermediate school district providing services pursuant to a written agreement;
4. provided by an intermediate school district to a school district or to a public school academy in which the pupil is enrolled or to a school district or public school academy providing services to the pupil pursuant to a written agreement;
5. provided to a person, agency, or organization with the written consent of the eligible student or the student's Parent;
6. provided to a person, agency, or organization in accordance with an order, subpoena, or ex parte order issued by a court of competent jurisdiction;
7. provided as necessary for standardized assessments that measure the student's academic progress and achievement;
8. covered by the District's Directory Information Opt Out Form, unless the Parent or eligible student has signed and submitted the Opt Out Form.

#### N. Video Recordings

A video recording that is directly related to a student may be an “education record” (e.g., when it is maintained to document student conduct or misconduct, unless it is maintained by a law enforcement unit and used solely for a law enforcement purpose). The Superintendent or designee will determine, on a case-by-case basis, upon receipt of a request for the video’s disclosure, whether a particular video is an “education record” and whether it contains “personally identifiable information” about a student. If the Superintendent or designee determines that a video recording is an “education record,” its disclosure and the rights of Parents and eligible students to inspect and review the video recording are governed by this Policy, applicable laws, and relevant state and federal guidance.

#### O. Disclosure of Records to Law Enforcement

Nothing in this Policy limits a school official’s right or duty under state law or pursuant to the Statewide School Safety Information Policy to contact law enforcement to report possible criminal activity. A school official may not, however, disclose personally identifiable information from a student’s education records to law enforcement without the prior written consent of a Parent or eligible student unless disclosure is otherwise permitted or required by state or federal law (e.g., in response to a health or safety emergency or a court order or subpoena).

If a school official reports possible criminal activity of a student with a disability as defined by the Individuals with Disabilities Education Act, the school official must transmit a copy of the student’s special education records and disciplinary records to the authorities to whom the crime is reported in a manner consistent with FERPA (i.e., with prior written consent or a lawful exception to consent). Except for disclosures in response to a health or safety emergency, school officials must seek written consent to transmit the records of a student with a disability immediately after reporting the student’s potential criminal activity to authorities.

#### P. Disclosure of Information to Military Recruiter

The District will provide recruiters of the Armed Forces of the United States with at least the same access to the high school campus and to directory information as is provided to other entities offering educational or employment opportunities to those students, as required by state and federal law. “Armed Forces of the United States” means the armed forces of the United States and their reserve components and the United States Coast Guard.

The Directory Information Opt Out Form must include the option to opt out of the disclosure of the student’s directory information to recruiters of the Armed Forces of the United States. Upon receipt of a written “opt out,” school officials may not release the student’s directory information to recruiters of the Armed Forces of the United States. The District may charge a fee, not to exceed the actual costs of copying and mailing the requested directory information, to recruiters of the Armed Forces of the United States, to the same extent it charges other organizations.

#### Q. Annual Notice Requirements

The Superintendent or designee will send an annual notice to Parents and eligible students notifying them of the following:

1. the right to inspect and review their student's education records;
2. the right to seek amendment of their student's education records, the process for requesting amendment, and applicable hearing procedures;
3. the identity of designated "school officials" and the definition of "legitimate educational interest";
4. the definition of "directory information" and notice that their student's directory information may be disclosed without consent unless the Parent or eligible student opts out of allowing disclosure;
5. the District's practice to disclose a student's education records, including disciplinary records, to another school or post-secondary institution in which the student seeks or intends to enroll or is enrolled;
6. the right to consent to the disclosure of personally identifiable information from a student's education record before its disclosure, unless a nonconsensual disclosure is otherwise authorized by law;
7. the right to opt out of disclosure of directory information to recruiters for Armed Forces of the United States and their service academies;
8. the right to file a complaint with the U.S. Department of Education alleging that the District violated FERPA; and
9. the right to obtain a copy of the Board's policies and administrative regulations about student records.
